 5" Top/Middle Rails and Stiles, 8-1/2" Bottom Rail
 5/16" Obscured Laminated Glass Panel or Wood Panel Insert, Solid Wood Sticking

Color/Finish: Factory Painted or Stained

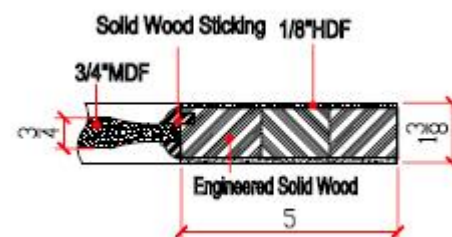

Dimension: Based Upon 36"(W) x84"(H) x1-3/8"(T)

Wood Panel Insert

Glass Panel Insert

Raised Panel Insert

Construction: All core wood material is selected from kiln-dried hardwood. Internal rails & stiles are jointed with glued wood dowels, and entire door surface is covered with one-piece 1/8" HDF panel on both sides (No Joints). Opening for glass or wood panel insert is cut out to rails & stiles, and then a glass panel or a wood panel insert is secured by wood sticking.
